

LEARN & PLAY

After two years of success, we are back for another **Learn and Play**; summer kids club. We have prepared another fun-bursting programme filled with **Learn and Play** activities for all. We provide the children with various experiences aiming to enhance their knowledge, creativity, enthusiasm and confidence, an experience with a difference towards boosting their development.

The **Learn & Play** system gets children excited about learning through activities that reward curiosity and games that promote cooperation and focus. Children learn best when they are having fun!:)
